

Private Jet Charter | FBO | Aircraft Management

SUN AIR JETS

SUN AIR JETS

Welcome to Sun Air Jets!

Along with maintaining the highest safety standards in the industry, Sun Air Jets remains dedicated to serving clients with the highest levels of operating expertise and personable customer service.

So whether your aviation needs include private jet charter, aircraft management, or fuel and luxury hangar space, Sun Air Jets is exceptionally qualified to provide you with professional, personalized and economical services to satisfy your every need.

While you can obtain the products and services that we provide from others, the significant value-added benefits of working with Sun Air Jets include our safety credentials and the direct relationship that you will enjoy with the Sun Air Jets team. We're very proud of our story and our employees who go above-and-beyond your expectations every day so that you can enjoy all the utmost pleasures of private aviation.

Give us a call and let us know what you need. We look forward to working with you!

Brian J. Council

President and Chief Executive Officer

## Sun Air Jets

A Boutique Private Aviation Company

---

Conveniently located in Ventura and Los Angeles Counties and operating globally, Sun Air Jets provides private jet charter services, aircraft management, maintenance, private luxury hangars, and a full-service FBO at the company's Ventura County headquarters.

Privately owned and rated as one of the safest operators in the country, we remain dedicated to serving clients with the highest levels of operating expertise and world-class customer service.

## Built on Honesty, Integrity and Transparency

Sun Air Jets was founded in 1999 by an aircraft owner who realized the aircraft management industry did not always work in the best interest of its clients. Since its inception, we have operated on the principles of honesty, integrity, and transparent communication. This dedication results in an exceptional and trusted experience for aircraft owners and charter customers alike, as well as optimized financial results for our owners.

SERVICES	CERTIFICATES	INDUSTRY EXPERIENCE

Full-Service FBO		15+ aircraft managed, including: Gulfstream, Bombardier, Beechcraft, Cessna, Cirrus, Dassault

LOCATIONS
Camarillo, CA   KCMA
Los Angeles, CA   KVN

# Commitment to Safety

## Top 5 Safest-Rated Operator in the US

Sun Air Jets is dedicated to high quality, risk-averse safety that permeates our company culture and processes. With a flawless safety record spanning over 20 years and 38,000 flying hours, our clients can rest assured their aircraft will operate at the highest possible levels of safety.

### A Distinctive Achievement

Sun Air Jets possesses all four of the major safety audit standards in the air charter industry: IS/BAO Stage 3, Wyvern Wingman Level 3 Flight Leader, ARG/US Platinum, and the Air Charter Safety Foundation (ACSF), an achievement held only by a select number of global operators.

We are also a preferred vendor to Executive Jet Management (EJM), which requires an additional on-site audit of our flight operations safety standards and is one of the most difficult distinctions to achieve and maintain.

**“Sun Air Jets operates with the core belief that safety is the premier service, and they back that up every day with professional practice.”**

– Don Chupp, President & CEO of Fireside Partners Inc.

## Charter Services

A Personalized and Convenient Private Jet Experience

Whether you're jetting coast-to-coast for business or flying home from your latest getaway abroad, Sun Air Jets is dedicated to providing an exceptional private jet charter experience for you and your guests.

### Personalized Service

From finding the perfect jet for your trip to stocking the aircraft with your favorite meals and amenities, each charter flight is meticulously planned and personalized. No detail is too small.

---

## Privacy and Convenience

With two locations conveniently located with direct access to most Los Angeles communities, we provide discreet white-glove service from the moment you arrive.

## Versatile Fleet

Our charter fleet offers a range of private jets and elegant touches to fit the needs of your next flight, including the latest cabin technology, newly renovated cabin interiors, and complimentary domestic WiFi.

# Aircraft Management

## An Unmatched Ownership Experience in Asset Management

---

Sun Air Jets' mission is to focus our team's extensive experience to best serve the needs of our aircraft owners. We tailor the aircraft management experience to fit the goals of the aircraft owner, while ensuring the aviation asset is operating as efficiently as possible.

### Dedicated Flight Department

You'll have a dedicated account executive to handle all of your aircraft needs 24/7. Plus, you have access to an entire team to support your aircraft, including experts in accounting, dispatch, maintenance and more.

### In-House Maintenance Department

Our aircraft owners have exclusive access to our world-class maintenance department, which includes trained technicians who are fully integrated with our safety management system.

### Cost Savings

Owners can take advantage of our fleet discount rates on fuel, parts, maintenance labor, insurance, and more. Our Charter Sales team can also maximize the efficiency of your asset by chartering your aircraft to offset operating costs.

### Financial and Legal Support

We provide financial and legal consulting at no additional cost. As industry experts, we make sure all aspects of aircraft ownership are properly administered, including sales and use tax exemptions, property tax appeals, and federal excise tax (FET) refunds.

 SUN AIR JETS

## Fixed Base Operator (FBO)

### Award-Winning FBO Amenities and Features

Recognized by Aviation International News, Sun Air Jets offers award-winning FBO amenities and features. As a full-service, 24/7 FBO, we provide essential support services for private and business aircraft, including refueling, hangar space, private crew lounge, maintenance, and a variety of other necessities.

### Signature Select Partner

Sun Air Jets is a Signature Select partner of Signature Flight Support, the world's largest FBO network. We participate in the Signature rewards programs which includes competitive fuel pricing and substantial savings with Epic Fuels.

Multiple fuel programs are available at our full-service FBO in Ventura County. Ramp and hangar fees may be waived with fuel purchase. Visit our website to view our current fuel costs and ramp fees – [sunairjets.com](http://sunairjets.com).

### Award-Winning Amenities

- Five-Star Concierge Services
- NATA Certified Personnel
- Courtesy Transportation
- Beautiful Conference Rooms
- Secure, Modern Facility
- On-Demand Aircraft Charter

# Maintenance

## Factory Trained Technicians Dedicated to Flight Safety

---

Our in-house maintenance department is a Part 145 certified repair station, where both the department and the technicians have FAA oversight. The team ensures clients' assets are properly maintained, up-to-date on aircraft inspections and ready to fly when requested.

### Factory Trained Technicians

We provide Flight Safety International aircraft manufacturer trained technicians on Bombardier, Gulfstream, Hawker, Dassault Falcon and Cessna airframes, as well as Honeywell, Rolls-Royce and Pratt & Whitney engines.

Our in-house aircraft cleaning team details and takes care of your aircraft inside and out, including exterior polishing and seat, carpet, and panel detailing.

### Exclusive Access

Our aircraft owners have exclusive access to Sun Air Jets' world-class maintenance department. Aircraft owners also receive unmatched labor and parts rates.

### Flight Safety

Our maintenance department has achieved the four major industry safety standards and participates in voluntary, recurring maintenance technician training every two years. While other operators may not require technicians to get OEM training, we require our team to receive certified factory training on all brands of aircraft we operate.
