### About the King Air 360ER

The King Air 360ER is equipped with luxurious executive seating, as well as convenient power outlets, and fold-out tables at each seat. It also features a refreshment center, private enclosed aft lavatory, and 14 windows that bathe the cabin in natural light. Moreover, it provides ample storage options with its generous payload and spacious cargo area. Whether its golf bags, fishing gear, or skis, there's ample room to accommodate larger items. The King Air 360ER ensures comfort and productivity are maximized with its distinctive and spacious cabin design.
